

AmerCareRoyal

Protective Wear

AmerCareRoyal offers top quality disposable safety apparel that delivers specialized function and style. From dry particulate and fluid barrier protection to light chemical environments, our apparel has you covered!

Available in a variety of sizes and materials, AmerCareRoyal protective wear is comfortable for all-day wear, and provides outstanding defense against contamination.

Aprons

From commercial bakeries and kitchens to medical device and industrial facilities, AmerCareRoyal aprons provide excellent wet and dry protective coverage for every need and application. Choose from aprons that give light protection against dirt, dust and grime or splash protection from organic solvents and light chemicals in the non-toxic workplace. Our variety of styles, gauges, materials and packaging are economical, reliable and comfortable.

Polyethylene (PE)

- Cost effective fluid barrier protection
- Impervious to fluids and deliver waterproof protection in non-toxic environments
- Strong, reliable and flexible maneuverability
- Great for use in food service, food processing industries, businesses using paint, degreasing or cleaning agents and more

Face Masks

If you have staff working in dental, medical, hospital, laboratory or food processing or similar environments, AmerCareRoyal's hoods and face masks are a good choice to maintain sanitary or food-safe conditions.

Polypropylene Non-woven Face Mask with Ear Loop

- Soft and form-fitting, latex-free
- Triple layer mask comes with comfortable ear loops and provides complete protection
- Rated for PFE (particulate filtration efficiency) at 98% or higher ASTM Standard F2101
- Perfect for use in hospital and healthcare facilities, pharmaceutical manufacturing, food processing and industrial settings

Lightweight Polypropylene Hood with Elastic Face Closure

- One-piece, latex-free with elastic face closure delivers strength and toughness, yet is soft and comfortable for all day wear
- Poly-coated fabric provides maximum particulate protection from dirt and grime and is an ideal choice in non-hazardous environments
- One size fits all

Item	Description	Color	Pack	Weight	Cube

Isolation Gowns

AmerCareRoyal's disposable isolation gowns are an ideal barrier against dry or fluid materials in medical, hospital, research and development, food processing or other environments. Our isolation gowns are available in both polyethylene and polypropylene.

Polyethylene with Thumb Loops

- Provide optimum splash protection that is impervious to fluids
- Material resembles plastic and does not have breathability, making it an ideal barrier that isolates bacteria and dust
- Thumb loops minimize slippage for ease of application

Polypropylene

- Great for dry applications
- Low cost, 100% non-woven polypropylene is lightweight, breathable and durable - making for ideal use in non-toxic environments
- Perfect for lab operators in research and development facilities
