

CELLULOSIC COMPOSTABLE STRAWS

THE PERFORMANCE OF PLASTIC, THE FOOTPRINT OF PAPER™

These straws are made from sustainably sourced cellulosic materials (wood-pulp) and recycled content that offers a feel and performance similar to regular plastic straws. This cellulosic straw is BPI certified for commercial compostability, TÜV Austria certified for home compostability, and also meets ASTM D6400 and or/D6868 for compostability.

Paper wrapped, these eco-friendly straws are recommended for use with all beverages including milkshakes, floats, smoothies and other thick beverages.

- Color: Clear
- Helps to reduce landfill plastic
- Offers performance and feel similar to plastic
- BPI Certified Compostable at commercial composting facilities
- TÜV Austria home certified compostable

THE CLEAR WINNER
