

Scott® Control™ Plus+ Slimfold™ Towels

04442

Features & Benefits

Scott Control provides enhanced hygiene solutions for critical environments. Sometimes the littlest things make the biggest difference. With Scott Control Slimfold Paper Towels, the innovative design means that you can fit premium paper towels in places you may have never thought possible. Now, thanks to a smart fold design (it's smaller than typical m fold, c fold or tri fold hand towels) you can fit a compatible slim dispenser in tight places like a nurses' station, a small classroom washing area, or a behind-the-counter sink at your business. These Scott Control high-performance towels feature exclusive Absorbency Pockets (fast-drying ridges deliver better absorbency) and are folded five times instead of two (like many multi-folds). Don't let the small fold size fool you, though: each towel unfolds to 7.5" x 11.6", giving you enough towel to get the job done. Find a compatible Kimberly-Clark Professional dispenser, which will help keep your towels clean prior to use and deliver one-at-a-time dispensing for hygienic hand drying (only touch the towel you use). Thanks to the slim size there's also reduced packaging size, which allows for easy storage of extra towels in cabinet or closets – without the need for bulky boxes. Scott Control Slimfold Paper Towels provide superior hand-drying performance and user satisfaction – it's the name that says premium quality and homelike comfort, no matter how much space you have.

- The unique design of Scott Control Hand Towels (Slimfold Paper Towels) fits in the tightest spaces inside or outside of the washroom – like in small classrooms, behind a business counter or at a nurses' station
- The unique fold is compactly folded five times (much more than typical tri fold, m fold or c fold towels), but unfolds to 7.5" x 11.6", so you'll have enough area for thorough hand drying
- Innovations like Absorbency Pockets (which soak up water fast) and compatible slim dispensers that offer hygienic, one-at-a-time dispensing
