

BEDFORD Bendable Solutions

We focus on the little things with every product we make, which is evident in both our product design and function. Twisting the world of problem-solving and creativity into unique solutions.

Products can be custom-printed...

to include company name, logo, website, product information, and more to help you brand your product.

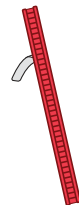

Bedford Twist Tie™

You've used them a million times, right? Bedford Twist Tie™ products are everywhere. There's a reason we're the world leader. If you're tying, closing, or bundling, we've got the product for you.

Peel & Stick®

Bedford Peel & Stick® closures add value to your products with this reclosable feature customers love! Pressure sensitive, Clean Edge Technology™ makes Peel & Stick® easy to apply by hand or machine.

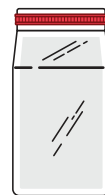

PolyTwist®

The perfect tie when a project requires a metal-free solution. Our patented PolyWire® core behaves so much like steel wire, you might not know the difference. Consumer-approved, microwaveable, and eco-friendly (ASTM D5511-02).

Double Wire Tin-Tie®

Bedford Double Wire Tin-Tie® spools do the job if your process utilizes automation equipment. We can pre-apply adhesive with our exclusive Clean Edge Technology™—so you have no sticky edges and no cumbersome hot melt equipment to maintain. Or, buy our Double Wire Tin-Tie® plain and apply the adhesive yourself.

Flag Ties®

Want a tag on the end of a twist tie? We can do that! Our Flag Ties® are perfect for identification and traceability. We can even give it a writeable surface—great for inventory and hard-to-label applications.

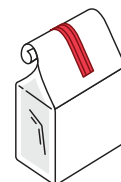

Clip Tie

Clip ties are ideal for bags that have a shorter neck or are made of a lighter weight material. Our wide variety of available lengths and colors will provide any sized bag with an easy-to-use reclosure.

Roll N Close®

Roll N Close® is an intuitive reclosure for flexible packaging—simply keep rolling it down as you consume it. Roll N Close® comes pre-coated with adhesive, eliminating the need for a hot melt system.
